Metal Roofing & Siding Finish Options

Standard ARMORTECH™ Coatings *40-Year Limited Warranty*

Glacier White SRI-85

Stone White SRI-71

Ivory SRI-68

Light Stone SRI-68

Sandstone SRI-55

Hickory SRI-48

Sand Gold SRI-61

Ash Grey SRI-58

Sterling Grey SRI-43

Charcoal Grey SRI-25

Tile Red SRI-33

Tahoe Blue SRI-25

Pacific Blue SRI-25

Sage Green SRI-31

Forest Green SRI-32

Pine Green SRI-29

Desert Brown SRI-24

Cocoa Brown SRI-27

Kodiak Brown SRI-22

Weathered Copper SRI-24

Black SRI-24

Copper Penny SRI-60

Weathering Material *No Finish Warranty (These materials will change appearance)*

Zincalume® Plus AZ-55 is a 55% aluminum, 45% zinc metallic coating over steel. No Finish Warranty - 25 Year Perforation Warranty.

Zincalume® Plus/Galvalume® AZ-55 SRI-65

Galvanized G-90, metallic coating over steel, no Finish Warranty, no Perforation Warranty.

Galvanized G-90

Rusteel Plus™ is an ideal design for a historic, weathered look. Rusteel Plus™ is best suited for dryer, less humid environments. Rusteel Plus™ has no metallic coating and offers no warranty. The designer should be aware of rust runoff on decks and concrete without gutter protection or separation. Rusteel Plus™ meets ASTM A606-96 Type 4. Type 4 has improved corrosion resistance when compared to carbon steel.

Rusteel Plus™ (A606)
general appearance prior to being exposed to the weather

Rusteel Plus™ (A606)
potential look after weather exposure

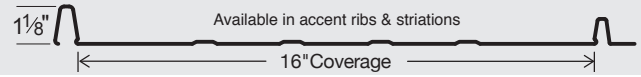
In partnership with: steelscape PPG ENERGY STAR PARTNER

SRI=Solar Reflective Index. SRI values listed above are in accordance with ASTM E1980 and are based on actual testing. (CRRC) Cool Roof Rating Council SRI values (CA Title 24, ENERGY STAR®) are based on the grouping of colors (color families). CRRC SRI values will differ, as each color is not tested in the color family option. Coatings are low gloss 10-15% sheen. These printed chips provide a close representation of the colors. Metal samples are available upon request. Custom colors available. "Oil canning" is an inherent characteristic of roof and wall products, and not a defect, which is not a cause for panel rejection.

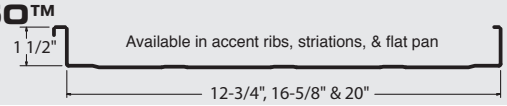
Paint Specifications

In testament to our commitment to deliver the highest quality products backed by exceptional service, Taylor Metal Products offers a ***40-Year, Limited Manufacturer's Warranty*** covering fading, chalking, chipping, cracking and peeling.

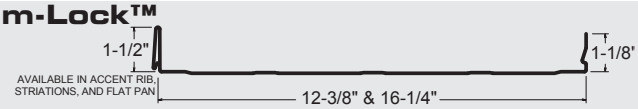
StreamLine™/SummitLine™



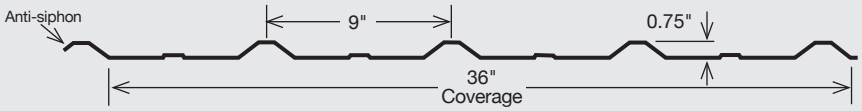
MS150™



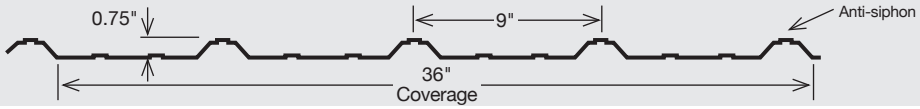
Slim-Lock™



T-3™



Tuff Rib



GR-7™ 36"

GR-7 manufactured in 29 gauge does not include a purlin bearing leg on the under lap rib.

Oil Canning – All light gauge metals can display waviness often referred to as "oil canning". This is caused by steel mill tolerances, substrate variation and relative reflectivity. "Oil canning" is an inherent characteristic of steel products, not a defect, and is not a cause for rejection.
